		Date	18-02-2022

For NDT personnel certified to ISO 9712: 2021 in accordance with E/SYS/06/01, TIV-Certification Scheme requirements,

I, _____ I.D. Number: _____

qualified and certified according to the NDT Certification Scheme, which complies with ISO 9712: 2021, shall recognize the precepts of personal integrity and professional competence as fundamental principles. Accordingly, as a certified person, I shall:

- a) comply with the relevant provisions of the certification scheme.
- b) make claims regarding certification only with respect to the scope for which certification has been granted.
- c) not use the certification in such a manner as to bring the certification body into disrepute, and not to make any statement regarding the certification which the certification body considers misleading or unauthorized.
- d) discontinue the use of all claims to certification that contain any reference to the certification body or certification upon suspension or withdrawal of certification, and to return any certificates issued by the certification body.
- e) not use the certificate in a misleading manner.
- f) perform my professional duties with proper regard for the physical environment and the safety, health and well-being of the public,
- g) undertake only those non-destructive testing assignments for which I am competent by virtue of my training and experience, and where warranted, engage or advise the engagement of such specialists as are required to enable me to properly complete assignments.
 - As a Certified Level 1 technician, I am responsible for performing the inspection in accordance with the written instruction provided. Any deviations or nonconformities within the written instruction, scope of inspection, inspection performance or report provided, shall be clearly stated in the report, and brought to the attention of all bodies involved. My signature of the inspection report shall attest to the fact that the inspection was performed by me, in accordance with requirements provided, except where otherwise stated in the inspection report.
 - As a Certified Level 2 technician, when performing the inspection, the conditions of the Level 1 shall be applicable. In addition, as the Level 2 technician, I am responsible for evaluation as well as supervision of the Level 1 inspection personnel designated to me for a specific project. Thus, I shall, by signing the inspection report, indicate that based on the information provided by the inspection personnel, the inspection has been performed in accordance with the provided written instruction (compiled by a qualified Level 2 technician), that all deviations has been noted and that results have been evaluated in accordance with applicable codes, standards or procedures. Incorporation of applicable quality management systems and procedures shall ensure that suitable practices be introduced in the workplace to ensure that adequate supervision is provided for inspection and report of NDT results.
